

Health Walk for YMP Patients during Patient Participation week

Organised by the PPG and Patients of York Medical Practice

Friday 14th June 2019 at 10.30am

Meet – York Medical Practice Entrance Lobby

These walks are a great opportunity to meet up with other patients who want to improve their health and fitness by walking.

The 14th June Health Walk will start at the YMP Reception and go towards Richmond Bridge via St Margaret's. At the bridge we will go down to the river path and walk back to Twickenham along the river. It will take approximately one hour.

There will be opportunity if you're tired to divert across to the buses running between Richmond and Twickenham.
